

The Corvette Club of Arizona (CCA) was founded in 1975 by a small group of local Corvette enthusiasts. We have grown one into of the most respected and active car clubs in Arizona.

Our membership spans the entire metropolitan Phoenix area. CCA members present a full calendar of events and activities designed around the enjoyment of their Corvettes. Some of our activities include car shows, weekend tours (called “drivers” by the club members), various forms of competitive events, picnics, charity events, and a variety of outstanding social gatherings.

Two major events take place each year. The Magical Mystery Tour (MMT) is a three-day driver (usually around Labor Day) to a location known in advance only to that year’s organizing couple. Along the way, there are side trips to mislead participants as to the actual destination, rally questions which need to be answered, and other activities, all combining to deliver a delightful weekend. Past MMTs have found participating CCA members in Las Vegas, Lake Havasu, Sedona, Ruidoso, and many other locations, including a visit to the Queen Mary.

The Awards Banquet, held at a local area resort in December or January, is a time for all club members to gather to review and celebrate the past year’s activities and achievements. Board members and other Club members who have distinguished themselves during the year are recognized. Many members elect to stay overnight at the resort, and rooms are usually made available to members at a preferential rate.
