

How to setup a Game Night

This is a group within CCA that enjoy going to member's homes and playing games and eating food! The host for the month decides how many people can attend and what games are to be played.

If you need help deciding what games or don't own very many, reach out to Diana and she will find someone in the group that can loan the host a game or two for the evening. Then everyone will bring a dish and the host provides the main entrée.

When you email Diana to sign up for this, please have a month in mind that you would be willing to host a game night.

Diana will coordinate the event. When it is a member's turn to host a game night, she and Roc will put together a flyer and send it out to all of the participants.

If you need help with any of the details or more information, please reach out to Diana. Diana's email is: diana2campise@yahoo.com . If you have any questions before you sign up, please call her at: 480-209-0117.

There is an opt-in list of those members who are interested in participating in Game Night. This list is not the entire CCA membership.
